NEWSLETTER APMJ January 2013

Dear All,

Happy New Year and welcome to our first Newsletter of 2013 which I hope you will find informative and useful, please see detailed below a number of subjects that should be of interest.

Road works in Cami Castellans

We reported in November that the Town Hall has been given a grant to improve certain roads and a long-awaited repair has started halfway along this road. This has now been completed please see below press release from the Town Hall.

“Improvement works have been carried out on a short stretch of Camí del Castellans which had suffered damage during heavy rains over the last few years. The project, which cost 54,000€ and has been funded by both the local council and the Diputación de Alicante, involved the expansion and asphaltting of the road surface as well as the creation of a sidewalk with railing. It has been carried out with agreement with the owners of the neighbouring land and aims to improve road safety on a busy access route to many homes in the area. In the photo, the work is inspected by Mayor Jose Chulvi and Councillor Paco Torres”.

This press release mentions that the final phase of Asphaltting moves to Pinomar.

Asphaltting on Montgo

I have received notification from Paco Torres Councillor for roads that the Calles pending asphalt will be dealt with during this month and next as the contractors will return to Javea this month. Please let me know when you see the machines at work.

Our thanks to Liz Yardley who recently joined the Committee as Social Secretary and has many ideas to promote friendship and social gatherings of those residents interested in participating. Liz is currently working on organising an APMJ lunch at Le Gourmand in February details to follow. Please try to attend the next Montgo Morning at Le Gourmand to take a coffee with fellow residents next month on February 5 at 11.00am

Membership Renewals

You will have already received a communication from Chris Winter our Membership Secretary regarding renewing your membership. We value your membership as your contributions make us a robust association with a strong voice that can influence what happens on the Montgó. This year we have

continued to develop good relations with the key players in the Town Hall who have shown their interest in APMJ by attending most General Meetings in 2012.

Dog Fouling

This continues to be a problem in some areas. APMJ has agreed to fund plastisized notices which can be attached to gates or posts where this problem occurs. This has been shown to have positive results. Anyone wishing to receive one of these notices should contact our secretary Barbara Walters:
